- **Languages:** Python, JavaScript, TypeScript, HTML5, CSS3
- **Frontend Ecosystem:** Vue.js, Vue Router, Vuex, Pinia, React, React Router, Redux, StoryBook, Element Plus
- **Backend Ecosystem:** Django, PostgreSQL
- **Testing:** Testing library, Vitest, Jest, Playwright, Pytest
- **Version Control:** Git, Gitlab, Github, BitBucket
- **AI Tools:** Cursor, Chat GPT, Gemini
- **Soft Skills:** teamwork, communication, assertiveness, attention to detail, adaptability, time management

Education

2020-2023

University of Hertfordshire, UK

Bachelor of Computer Science

About me

Software developer with 3 years of experience specialising in building data-driven web applications. Currently working at Infermedica, contributing to the development of a medical application for doctors, focused on efficiently handling large volumes of medical data. In my free time, I enjoy climbing, especially bouldering, and playing board games.

Work Experience

Infermedica
Software Developer | 2022-Present

- Developed a web application for doctors to input and manage medical data, designed to handle large datasets efficiently using Vue.js and TypeScript.
- Contributed to API architecture development in Python and Django.
- Worked closely with the UX/UI designer and backend team.
- Integrated RESTful APIs into the frontend architecture.
- Utilised SCSS and Element Plus for application styles.
- Implemented state management in large-scale applications using Vuex and Pinia.
- Tracked Sentry records.
- Implemented new frontend standards such as Pinia, TypeScript and Storybook.
- Run agile meetings such as retrospective, planning, review and refinements.
- Presented new features on DEMO.
- Presented frontend topics on dev talks.
- Participated in adjusting agile processes.
- Responsible for introducing new developer to project and company.

I agree to the processing of personal data provided in this document for realising the recruitment process pursuant to the Personal Data Protection Act of 10 May 2018 (Journal of Laws 2018, item 1000) and in agreement with Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free movement of such data, and repealing Directive 95/46/EC (General Data Protection Regulation).
